Student pharmacist: 23

Student technicians: 7

Retired Pharmacists: 4

Resident/Fellow: 5

Meeting Attendees: 75

## NVSHHP's First Annual Meeting

"Blazing New Trails in Nevada Pharmacy" was the theme of the inaugural NVSHHP annual meeting held on October 18th at the beautiful Springs Preserve in Las Vegas. The Springs Preserve is a 180-acre non-gaming cultural and historical attraction that offers dining, shopping, hiking, live exhibits, concerts and performances.

The NVSHHP annual program included breakfast, lunch, exhibitor booths, and up to 9 hours of ACPE programming to choose from. The morning session consisted of a keynote presentation by Dr. Jannet Carmichael on performance measurement and information technology followed by presentations from Dr. Karen Fiumara and Mr. Mark Bennett. In the afternoon session, two separate tracks were available. The first track included an immunization overview by

Dr. Jeffrey Goad and an HIV therapeutic update from Dr. Dennis Fuller. The second track included a presentation addressing the relationship between e-prescribing and the electronic health record by Ms. Rachele Spiro, followed by seminar on medication reconciliation by Ms. Caryn Bing. The evening was capped off with a town hall meeting, a raffle, and an evening reception.

A special thanks goes out to all of our presenters and sponsors for all of their hard work and support. And thank you to all of those who attended for helping to make our first annual meeting a complete success.

We welcome your questions, comments or corrections!
