

**Victoria Pang, PharmD, MBA** earned her Doctor of Pharmacy and Master of Business Administration degrees from Roseman University of Health Sciences. She is currently a PGY-I Pharmacy Practice Resident at St. Rose Dominican Hospital. Since pharmacy school, Victoria has been an active member of NVSHP, and looks forward to advocating for the profession and continuing to serve the community. She has volunteered at local health fairs, immunization clinics, and organized medication awareness events for minority populations. Victoria has also presented research work on SSRIs in *C. elegans* at ASHP Midyear 2021, and the Roseman Research Symposium. Her clinical interests include pediatrics and emergency medicine. She is passionate about fitness, enjoys being outdoors, and spending quality time with her family and friends.
